CAREER OBJECTIVE

BSIT student with basic skills in programming logic, PHP, Python, Java, and C++, along with HTML, CSS, and MySQL. Seeking an entry-level or trainee role in Software Engineering where I can apply my skills, learn from experienced developers, and contribute to building reliable software.

EDUCATION

Bachelor of Science in Information Technology 2024 – 2027
Datamex College of Saint Adeline

Senior High School: Humanities and Social Sciences (HUMSS) Graduated 2020
Parañaque National High School

TECHNICAL SKILLS

Programming	Basic programming logic (variables, if/else, loops, functions); PHP, Python, Java, C++ (basics)
Web	HTML, CSS
Database	MySQL (basic)
Hardware	Arduino (sensors, LCD, buzzer)
Tools	Microsoft Office (Word, Excel, PowerPoint), VS Code

PROJECTS

Eskinita Apparel: Inventory and Online Ordering System Team Leader

- Led a 7-member team in building a web-based e-commerce system for a local streetwear brand: product catalog with stock tracking, shopping cart, checkout, order history, and an admin dashboard.
- Built with HTML, CSS, JavaScript, Node.js, Express.js, and MySQL (XAMPP); evaluated positively by 200 survey respondents.

OnlyJobs: Job Finder Website Team project

- Job finder website with user login (User ID and password or Gmail); planned the login process with a flowchart before building it.

Gas Leakage Alarm System Team project

- Arduino device that sounds a buzzer and shows an LCD warning when gas is detected (Arduino Uno, MQ-5 sensor, LCD, buzzer).
- Troubleshot a failed code upload step by step, found the board was defective, and rebuilt the system with a new Arduino Uno.

Personal Portfolio Website 2026

- Responsive portfolio built with HTML, CSS, and JavaScript, with dark mode, a skills filter, a certificate viewer, and a validated contact form.

CERTIFICATES AND TRAININGS (online webinars by Ethel Programming Computer Programming Services, 2026)

- **Linux & System Administration: Master the Command Line** (2 hrs, Aug 7)
- **Next Gen Arduino: Innovation Through Embedded Technology** (1 hr, Aug 6)
- **The Future of Network Security, AI, Automation and Zero Trust** (2 hrs, Aug 5)
- **Digital Office Mastery: Essential Skills for Computer & Administrative Staff** (1 hr, Aug 5)
- **Code, Create, Deploy: Building and Publishing a Website** (1 hr, Aug 4)

SOFT SKILLS

Teamwork · Communication · Time management · Problem-solving · Patience · Attention to detail · Willingness to learn
